### American Renaissance Furniture

James Redway Furniture Makers is a small furniture company located in Woodbury Connecticut. We have been in the business of building quality, solid cherry, 18th Century style furniture and 19th Century Shaker furniture since 1986. We build a variety of tables, small chests, footstools, step stools and quilt racks ó All from solid American Black Cherry. We are well known for and specialize in the construction of small side tables. Our Christmas Table is a Connecticut Classic.

All of our furniture is made by hand using classic joinery methods. Table frames, and benches are made using double pinned mortise and tenon joinery.

We use classic joinery techniques ó All table frames are made with double-pinned mortise and tenon joinery.

Attention To Detail ó Notice how the grain of this dovetailed box continues around the corner.
